DIARY

The last meeting of the year is almost upon us now, and a full programme has been arranged for 1976 which will be published in the December magazine issue. Sunday 7th December - The ever popular and one of the best attended meetings of the year = the member's slide show. Each member is limited to 25 slides only and you are expected to give a commentary with a £1 prize for the best one (commentary).

MEMBERSHIP RATES 1976

These are unchanged, in other words they are the same as for 1975. In these inflationary times it must be a great achievement to hold prices down over two years! Members could help the group by sending in their renewals early in order that an accurate budget can be made for stocks of paper, ink etc.

PHOTOGRAPHIC COMPETITION

The winners were Dave Senior and Roger Fozzard who each received suitable cheques. All the placed entries for this competition will be shown at the December meeting, so be there.

AIR TRIPS

The first ever Air Yorkshire air trip has been organised for 31 January 1976. It will be by a Fokker F-27 Friendship 200 aircraft of Air Anglia, and will be a 1 hour flight from Leeds/Bradford in the early afternoon. Persons wishing to reserve a seat on this flight are requested to do so as quickly as possible due to the strictly limited number of seats. An application form accompanies this magazine issue.

EDITORIAL

Again I thank all the many members who regularly send information to be included in the magazine. This issue is 14 pages which could have not been possible without the regular support, and the many new names appearing in the credits. Any ideas for improving the magazine further will be considered so get pen to paper and tell me!

AIR YORKSHIRE QUESTIONNAIRE

This will be posted out with the December magazine issue and will enable the committee, on return of the sheet, to consider ways of making the group even better still. So over the coming few weeks think how you could make improvements to Air Yorkshire.

Key to timetables

AQ - Air Anglia. BD - British Midland. DA - Dan-Air. EI - Aer Lingus. NS - British Airways  
 \*\* - operates until 17 November.

Aer Lingus Irish operated the following aircraft through Leeds/Bradford during October.

- BAC One-Eleven 208AL EI-ANF 19th.
- Boeing 737-248 EI-ASC 2nd, 10th.
- EI-ASD 16th.
- EI-ASE 5th, 26th.
- EI-ASF 14th.
- EI-ASH 9th, operated a Liverpool WX diversion "EI2180/2181".

Aer Turas again used their Douglas C-54E EI-ARS into Leeds/Bradford during October on race horse charters. Two return trips were operated from Dublin each day on the 21st and 23rd.

Air Anglia are disposing of their two Dakota 4s which have been used mainly for freighting work recently. G-AGJV has already been delivered to Skyways Cargo Airline, and G-AOBN will follow to the Lydd based airline at the end of November. A replacement aircraft for the freight role is to be an Argosy 100 leased from the East Midlands based Air Bridge Carriers. It is very strongly rumoured that Air Anglia are to take delivery next February of two F-28 Fellowship 1000s from Braathens SAFE of Norway. Air Anglia have applied for the Leeds/Bradford to Amsterdam route which is to be vacated by British Airways very soon. If the airline's application is successful at the hearing on 9 December, a Friendship service will operate twice daily on weekdays departing from Leeds/Bradford at 0730 and 1700, arriving back at 1055 and 2030, with a journey time of 90 minutes.

The following aircraft operated through Leeds/Bradford during October.

- Friendship 200 G-BAKL 3rd, 19th, 20th, 31st.
- G-BAUR 2nd, 8th, 9th, 21st - 24th, 30th.
- G-BCDN 8th, 27th, 28th, 30th.
- G-ECDO 5th - 7th, 10th - 12th, 14th - 17th, 28th.
- G-BDDH 1st, 4th, 13th, 18th, 20th, 25th - 28th.
- Herald 214 G-ASVO 1st - 3rd, 6th - 10th, 13th - 17th, 20th - 24th, 30th, // 31st.
- .....also helping out were
- Cessna 337A G-ATPU 17th. Casair. AQ200X. Routed Tees-Side - Aberdeen.
- Aztec 250E G-BAUA 16th. Edinburgh Flying Services. AQ205A. f/t Edinburgh.

Alidair operated a charter through Leeds/Bradford for Massey Ferguson employees on 15 October using Viscount 706 G-ARBY. The morning leg to Prestwick was switched to operate from East Midlands due to the weather at Leeds/Bradford, but did operate through the latter airport in the evening.

British Airways are expecting Viscount 802 G-AOHH from Birmingham for scrapping at Leeds/Bradford towards the end of this month.

The NS501/NS502 Amsterdam service will cease after 17 November due to economic reasons. Both Air Anglia (refer) and Dan-Air Services (refer) have applied to the Civil Aviation Authority to take over the route.

Only three of the six ex Northeast division Viscount 806s will be needed to operate the network this winter after the Amsterdam service finishes, with one each of the type being based at Leeds/Bradford, Heathrow, and Newcastle.

.....continued

Now for the rumours. Less services are to be operated from Leeds/Bradford next summer than last summer, but One-Eleven 400s will be used on the Jersey route and One-Eleven 500s on the Heathrow route.

British Island Airways returned the leased Herald 214 G-ATIG back to British Midland Airways at East Midlands on 31 October.

British Midland Airways are to base two Viscount 813s at Tees-Side this winter instead of the usual one, but the Heathrow frequency will only be increased by one additional weekday return journey. Herald 214 G-ATIG is now back off the lease to British Island Airways.

For the 1976 season only seven Viscount 813s will be on strength in G-AZLP G-AZLR G-AZLS G-AZLT G-AZNA G-AZNB G-AZNC. Viscount 814 G-BAPD was delivered to Skyline Sweden on 5 September as SE-FOX, and G-BAPF followed to the same airline on 15 October as SE-FCY. G-BAPE and G-BAPG are still on the market for sale. G-AZLT will return from its lease to Cyprus Airways on 30 November, due to the Larnaca based airline receiving two Douglas DC-9 Srs.15s.

The airline has applied to the Civil Aviation Authority to operate inclusive tours in 1976, and so appears that the purchase of second-hand Boeing 737s is going ahead.

Dan-Air Services have been awarded a licence to operate the route Leeds/Bradford - Cardiff - Bristol and will commence operations on Tuesdays and Thursdays from 6 January.

The airline has applied to the Civil Aviation Authority to operate Leeds/Bradford to Amsterdam via Tees-Side which will be submitted to a hearing on 9 December. If Dan-Air are awarded the route HS.748s will be used on Mondays Wednesdays and Fridays departing at 0800 and arriving back at Leeds/Bradford at 1930, to be followed next summer by a direct service every weekday.

The only aircraft operating through Leeds/Bradford on the Link-City services during October was the HS.748 G-ARAY.

Skyways Cargo Airline operated a freight charter through Leeds/Bradford on 15 October using their Dakota 4 G-ACYZ from Lydd to Gatwick.

ON THE LIGHTER SIDE

Nipper G-ARDY has been presumably sold, as it left its base at Bagby on 9 October for Coventry accompanied by Cessna F172H G-AYSG.

WHE Airbuggy G-AXYX and Campbell Cricket G-AYRC were giving demonstrations on 5 October from Melbourne.

AA-5 Travelers visiting Doncaster during October for checks with Flight-Line included G-BAFA G-BBDA G-BCCJ G-BCHK EI-AWV, and AA-5B Tiger G-BCRR.

At Northair at Leeds/Bradford, the Cessna FRA150L G-BACD seems to have taken up residence, whilst the Cessna 150E G-ATEG which is used by the hanger staff for flying lessons has moved to Sherburn. Back at the former airfield, Beagle 206 G-ASOF is now complete after having its wings exchanged with those of a Bassett and departed for East Midlands after an air test on 14 October, possibly for Ryburn-Air. Gill Aviation Seneca 200-2 G-BASM suffered a landing accident at Sunderland on 6 September when the nose undercarriage collapsed, and was dismantled and brought by road to Yorkshire Light Aircraft. The wings arrived on 17 September and the fuselage followed two days later. The Bingley Flying Group Jodel D.11 G-BAZM was heard carrying out a radio check on 31 October, and so must have been rebuilt by Yorkshire Light Aircraft following its accident at Bournemouth and return by road.

Over at Sherburn, Bell 47G G-BDEE replaces G-BBER on local pipeline patrols. Alouette G-AWFY was resident for a few days from 23 October on electricity line patrol, and also operating locally in the same month was Bell 47G G-BBZK. Cherokee 140 G-AVGB is now resident with Hornet Aviation. Residents noted on 8 October were G-AYSB Twin Comanche, G-BAIC Cessna FRA150L, G-ATAW Airedale, and G-BCHX Sperling.

MILITARY MATTERS

Finningley was visited during October by Vulcan B2 "APR20" 10th, Hercules C1 "Ascot 761" 13th on a training sortie from and to Lyneham, and a twin piston "FRN26" 24th.

Corrections to the Battle of Britain Display report (AY/75/92) are as follows. The United States Air Force Phantom F4Ds were 65759 (not 63759) and 65588. All Dominie T1s present were from the 6FTS as were all Varsity T1s except WF414 which is 5FTS and coded CC (not C). Gazelles XW374 and XW396 should have read XX374 and XX396 respectively. Gnat T1s of the Red Arrows missed off were XR987 XR991 XS101 XR540 XR993 and XR981. Phantom FG1 XV578 should have been XW572. The Varsity T1 on the fire dump XJ920/R should have been WJ920. Varsity T1s WL627 is coded 'O' (not 'Q'), and WL668 is 'X'.

Leconfield will become operational between May and October 1976 when the Lightning squadrons from Binbrook move in temporarily due to runway resurfacing work at the latter airfield.

Leeming has received a further batch of Bulldog T1s from Scottish Aviation at Prestwick, and is up to date since the last report (AY/75/92).

XX705 c/n 354 first flight 23 July 1975 delivered 10 October 1975

XX706 c/n 355 first flight 30 July 1975 delivered 10 October 1975

XX707 c/n 356 first flight 9 September 1975 delivered 10 October 1975

Among the visitors to the airfield have been Sea Devon XJ350 "Navair 820" from Leeds/Bradford on 17 October and a Hercules C1 "Ascot 4516" on 21 October.

Linton-on-Ouse as usual has been host to the weekly mail-run by the United States Air Force C-130E Hercules' from Prestwick to Upper Heyford. Serial tie-ups for September were 01276 "Old 580" 3rd, 40498 "Old 581" 10th, 21299 "Old 582" 17th, and 40560 "Old 583" 24th. Callsigns only for October are "Old 580" 1st, "Old 581" 8th, "Old 582" 15th, and "Old 583" 22nd. Other visitors last month were a Dominie "CKP41" 8th, Hercules C1 "Ascot 4414" 12th to Birmingham, Sea Devon XJ350 "Navair 820" 25th from Leeds/Bradford, and Devon C2s "Ascot 831" 27th and "Charlie 15" 28th. Noted on 7 October were Wessex HC2s XR524 and XT670, the latter coded 'AU'. On 14 October were Royal Navy Hunter T8 XL584 coded '874', Jet Provost T5 XS230 in a non-standard paint scheme (Royal Navy ?) and not based at this airfield, and two Scout AH1s coded 'A' and 'D'.
