CHURCH FENTON - S.S.A.F.A. Air Display - 12/6/83

Fine weather once again blessed the Air Display, and apart from the fact that the Air Yorkshire stand was located adjacent to the childrens miniature motor cycle circuit, a good time was had by all. Thanks to all the members that called in for a chat and to John Lloyd-Martin who is taking over the Sherburn Movements section when Roger moves further afield.

A couple of surprises added to the interest of the normal display, firstly the USAF sent C141B Starlifter 59401 of 437MAW to do two low passes on its way down south, and later Embraer brought three of their aircraft for a flypast - namely the Bandeirante PT-SFA, Xingu G-XTWO and Tucano no. 1304 of the Brazilian A.F.

AIRLINE REVIEW

AIR COMMUTER have leased Jetstream 31, G-TALL, from BAe to operate their Coventry to Paris service.

AIR ECOSSE The application to revoke BRITISH AIRWAYS, Birmingham - Edinburgh licence has been refused. Twin Otter G-STUD was substantially damaged when it was blown over by a very strong gust of wind at Scatsa. The incident happened 21/4 and it is possible that the aircraft is a write-off.

AIRLINE REVIEW (Contd.)

AIR EUROPE have withdrawn their application for licences to serve Palma, Alicante and Faro from Glasgow, Birmingham and Manchester. They have been given permission to a once weekly service from Manchester to Gibraltar. As part of the deal with British Airways for the Boeing 757's, two Boeing 737's have to be leased to British Airtours. These aircraft are G-EMOR and G-BMEC, with Air Europe titles painted out on the fuselage and tail, and British Airtours titles painted on the fuselage. They have also leased in, two Boeing 737's, G-BJXL ex Air Florida with Air Europe titles (same as last year) and G-BKRO ex EI-BMY, (Guinness Peat) in an all white c/s with Air Europe titles.

AIR UK have leased Herald G-AYMG to Securicor in full Securicor c/s to operate a Birmingham - Belfast parcels service. Friendship G-BHMW has been leased to BMA in full BMA c/s.

BIRMINGHAM EXECUTIVE AIRWAYS The two Jetstream 31's are registered G-OBEA and G-CBEA and have placed an option for a third aircraft for March 1984. Planned services are Birmingham - Zurich, Milan, morning departures and Birmingham - Copenhagen, afternoon departure.

BRITANNIA are leasing a Transavia Boeing 737 on a weekend from Friday evening to Monday morning. It is based at Manchester and one of the services it operates is the LBA - Pula flight for Yugotours on a Saturday afternoon. The application for a licence to serve Palma, Alicante and Faro from Glasgow, Manchester and Birmingham has been withdrawn.

BRITISH AIRWAYS It is possible to shed some light on the report about B.A. Boeing 707's, in last month's "Out & About". The aircraft mentioned in that report, G-ASZF/G and G-ATZD have been sold to an unknown, Luxembourg based, operator. Apparently they have only bought 6 of the engines presumably to operate one aircraft with 2 engines spare. They have leased an Inter City SD330 to operate Aberdeen - Manchester and return. The aircraft operates EMA - Aberdeen in the early morning (for Inter City), then Aberdeen - Manchester (for B.A.), sits on the ground until teatime and then operates Manchester - Aberdeen and Aberdeen - EMA. The following Tridents have been withdrawn from service:- G-ARPO(16/3), G-AVFA (29/3) and G-AVFM(30/3).

BRITISH AIRTOURS As mentioned under AIR EUROPE, they have leased two Boeing 737's, G-BMEC and G-EMOR. Tristar 500 G-BFCB has been leased from the MOD for the summer to operate Transatlantic charters from Gatwick and Manchester. The two Boeing 707's being operated at present are expected to be phased out, one in October and the other in April 1984.

BRITISH AIR FERRIES have set up a subsidiary company JERSEY AIR FERRIES to operate charter flights from Jersey and also scheduled services. Viscount G-AOYP has been painted up and is similar to the BAF c/s with a red lion on the tail in place of BAF. It also carries the name 'Island of Jersey'.

BRITISH CALEDONIAN CHARTER set up by BCAL to operate the two ex-Laker DC10's G-BJZD/E on charter flights to European resorts, mainly from Gatwick. Plan to operate only one aircraft during the winter with the other being leased out.

BRITISH MIDLAND AIRWAYS have now received the Shorts SD360 G-BMAJ and it is to be used on the Birmingham - Heathrow service. Have been using a Boeing 707 on the Heathrow - Glasgow route at peak times, as an experiment to see how many seats they could fill. Two more DC9's are expected this summer:- OH-LYB in July and OH-LYG in September.

DAN AIR BAC One Eleven G-BCXR entered service on 22/4. Boeing 727 G-BHVT returned from lease to LACSA on 22/4 and is now based at Manchester. It has a slightly different tail c/s with an extra blue and white stripe.

GENAIR have dropped its Liverpool - Amsterdam service due to poor load factors. The recent application for a Blackpool - Heathrow licence has been amended to Blackpool and /or Coventry - Heathrow. Bandeirante G-RVIP is flying without titles (due to Marx Airline lease terminating?).
